

YMCA Worcestershire, September and December 2015

'YMCA Worcestershire are very thankful for the fantastic partnership they have with Simply Limitless. Since it began in the Summer of 2015 through the National Citizen Service program we have used the main room and studio room for two brilliant NCS graduations for over 150 young people and their families. The main room is a delight to use as it is so easily changeable to how you want it for any event which makes it so fantastic to use. The studio room upstairs is also easily changeable but gives both the audience and participants a real personal feel to it especially for our graduation this December and the Charity Open Mic night one of our NCS groups organised. Overall Simply Limitless and their dedicated team of volunteers and staff always go out of their way to provide the best service both before and during the event. I highly recommend any business or organisation to use their facilities for the fantastic service and the even better prices as reasonably priced venues in Worcestershire are hard to find nowadays, we will definitely be using them again in 2016'.

Tom Smallman – National Citizen Service Assistant Co-ordinator at YMCA Worcestershire.
